## **PRESIDENT'S FLYBOX**

**SCOTT  
OLSON**

*"... a few normal winters in a row would do a lot to mollify me. "*

## **CAN THERE BE TOO MUCH WATER?**

It looks like this winter won't be much like last winter with record snowfalls in the Sierra, and although California is always chronically short of water it would be nice if Mother Nature could assume a little restraint sometimes.

I think we all celebrated the copious amounts of moisture dumped on the Sierra last year, however as a fisherman that watery largesse produced some challenges come springtime. It seems we didn't even see "spring like" water conditions until late August, and then only on running water. Most of the still water fisheries, and especially Crowley Lake, were full to the brim for most of the season requiring the use of long leaders and challenging casting.

I don't lament the fact that we had an embarrassment of riches last season when it comes to water as it is always better to have more than less when it comes to habitat and access, but a few normal winters in a row would do a lot to mollify me.

So continue to pray for rain (or sacrifice animals or whatever you do to placate the gods), but in moderation. I'd like to be able to fish some normal runoff this spring instead of having to worry about the snugness of my wading belt.

***Happy New Year and I hope you all have great fishing in 2018!***

***Scott Olson, Conejo Valley Fly Fishers, President***

# CVFF Upcoming Outings for 2018

**Hello Conejo Valley Fly Fisher members,**

**– I have put together the framework for a schedule of outings for the club and I would appreciate any feedback as I solidify the dates.**

**– If you know of a productive month to visit a certain destination then please let me know.**

**– My goal is to have at least one local outing per quarter and add in one to two “other than mammoth” trips in the better fishing months.**

## **HERE’S WHERE I AM STARTING FOR 2018:**

⇒ January –to be announced

⇒ Mid-February – Lower Owens for BWO hatch – mid February

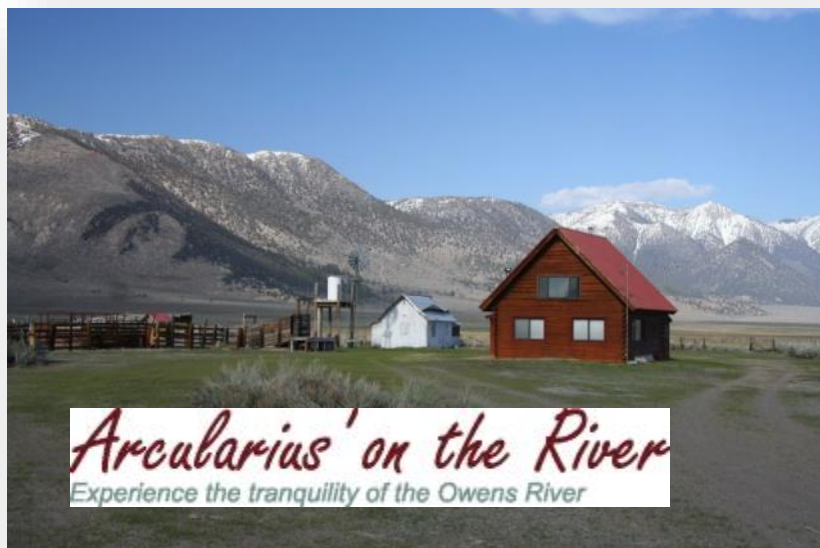

⇒ June/July 2018 – San Joaquin / Reds Meadow – at road opening, when the flow is 100-150 cfs

⇒ Mid-August – Mammoth’s “Hopper hatch” \*\* Trying to secure Arcularius Ranch

⇒ September – Nor Cal – Sac, McCloud etc....

If you have any energy on where, when etc please let me know via email:

# FISHING news

*Many of those attending the CVFF Holiday party got to meet guest and SWCFFI President, Bill O'Kelly. Here is a letter addressed to the many fly fishing clubs that are part of the Southwest Council.*

**December 4, 2017**

Southwest Council Clubs

Hi, as I hope all of you have heard, I took over as president of the Southwest Council of Fly Fishers International when Michael Schweit stepped down this past July after serving for 8 years. I share Michael's vision of making the Southwest Council a relevant entity for fly fishers of Southern California and Southern Nevada.

While I know some of you, I apologize for not introducing myself sooner to the rest of you, but I was diagnosed with a serious health issue just before I took over from Michael. However, my doctors tell me my surgery went well and I am back to full strength, and I plan to be around for a long time!

In the past, the Southwest Council has been the grateful recipient of year-end donations from the clubs, as well as a \$1/member contribution for advertising purposes from several of the clubs. We have decided to forego advertising in Western Outdoor News for the coming year. However, as you are hopefully aware, we are in the planning stages of a 2018 Southwest Council Fly Fishing Faire at the Glendale Civic Auditorium on October 20-21, 2018. We are very excited about this opportunity and have received very positive signs that we will be able to have at least 40 vendor spaces sold, perhaps more, which should make this Faire at least 25% larger than the Bishop Faire with our array of casting and fly tying classes, a few on-the-water clinics and presentations. It's shaping up to be a very exciting event!

We hope to have a paid professional marketing person to assist us in promoting the Southwest Council Fly Fishing Faire so we can raise money to help replenish the funds we had to forego by not having the Southwest Council Fly Fishing Faire in 2017 and to bolster the funds available so that we can create more offerings for our members to participate in thereafter

I very much appreciate your club considering making a donation to the Southwest Council so that we can strengthen the fly fishing community in Southern California and Southern Nevada. I hope to see you and any of your Board Members at our Club Management/Quarterly Meeting at the Izaak Walton Clubhouse, hosted by the Deep Creek Fly Fishers on Saturday, January 20, 2018. For those of you who haven't attended previously, this is where we meet and share our clubs' best practices and try to solve problems that our clubs' may be having by engaging in break out groups where your Southwest Council Board of Director members can share ideas with Board of Director members from other clubs who hold the same position. This is typically considered the most productive Quarterly Meeting we have.

Please send any donations to our Southwest Council Treasurer: **Steve Schalla at 1213 Sunset Place, Ojai, CA 93023.** You can also "donate" on the Southwest Council Fly Fishers International website at: <http://www.swcffi.org/donate>

I welcome any suggestions you may have regarding what you and your club would like to see from the Southwest Council in the upcoming year(s).

*Happy Holidays,*

*Bill O'Kelly*

The California Sportfishing League has released a study that finds that the high cost of purchasing an “annual” recreational fishing license has proven to be a formidable barrier to access and has contributed to an unprecedented decline in recreational fishing. [READ MORE...](#)

### January 2018—McCloud River Redband Trout

The trout from above the impassable Middle Falls of the McCloud River have been genetically isolated for thousands of years and evolved into their own distinct fish known as **McCloud River Redband Trout**.

They are thought to be one of the oldest populations of Rainbow trout. Today, this species is on life support. The drought nearly wiped them out, but rescue efforts by CDFW have allowed them continued survival for

now. Click on photo below to watch the video or go to: <https://vimeo.com/246189347>

## TROUT UNLIMITED

National Monuments: Stand Up for Great American Places

**January 2018**—Congress has wasted no time in trying to take away your birthright. While some say it's simply “transfer” — an effort to “better manage” public lands — the truth is, the distance between transferring and selling public lands is very short. Most states that would manage these lands have already sold significant portions of their formerly public state land to the highest seller.

**Public lands are our birthright as American citizens. And we will not give them up.** Whether you call it sale, transfer, or divestiture, allowing public lands to fall from public ownership would represent the triumph of cynicism over democracy. We — you and me, all of us who own these lands by virtue of our citizenship — can make sure that never happens. **Read about Monumental Myths at:** <https://www.tu.org/blog-posts/monumental-myths-part-1>

## **COASTAL CONSERVATION ASSOCIATION OF CALIFORNIA (CCA)**

Coastal Conservation Association of California and Bill Varney announced this week that the 2018 CCA CAL SportFishing Tide Calendar is now available at tackle stores, landings and all Turner's Outdoorsman stores.

This year's calendar has more than just great pictures, important dates and tide charts—it has prizes too! CCA of CA will be holding a monthly drawing with prizes from sponsors including AF-TCO, Accurate, Sumo Tackle, HookUp Baits, Costa, Promar, Dana Wharf Sportfishing, **The Fred Hall Shows** and more. Each calendar is marked with a special entry number.

Winners will be announced the third Saturday of each month on "Let's Talk Hook Up", radio 1090am.
