## **PRESIDENT'S FLYBOX**

**SCOTT  
OLSON**

*“... in the end we were rewarded with some bruisers...”*

## **FREEZER FISHING**

Not all fly fishing can be done in shorts and a t-shirt as I experienced recently. Waking up to stalk the early bite with temperatures in the low 20's and a wind chill around 13 is indeed a bracer that makes standing in 50 degree water seem balmy by comparison.

Having picked the coldest week so far of the season to try our luck for the denizen cutthroats of Pyramid Lake, Nevada we donned multiple layers (3 on my feet and legs and 7 on my torso) and headed in to the breach.

Blowing wind and snow added to the cold temps did not dissuade too many as was evidenced by the crowds at Pelican Point. We slipped in to an open slot and proceeded to cast a rig consisting of Root Beer Balanced Leeches and midges to what we hoped would be some cruising cutties.

Constant icing of our rod guides added to the discomfiture, but in the end we were rewarded with some bruisers weighing over eight pounds and the warm feeling of knowing that we had prevailed for however a short period of time.

The lesson learned for us was that sometimes stepping out of your comfort zone can yield large rewards. In this case cutthroats up to thirteen pounds.

*Tight lines and fighting fish to all!*

*Scott Olson, Conejo Valley Fly Fishers, President*

# FEBRUARY FLY FISHING REPORT

## FLY FISHING EVENT / FISH REPORT BY CHALEY BEALS

**Locations fished:** Lower Owens River, Hot Creek

**Dates fished:** Feb 22 - 25, 2018

**Anglers:** Gary Scott, Ken Walters, Donna Phillips, Rick Speidel, Mike Bowden, Cece Worrall Rubin, Matt Rubin and Charley Beals.

*The weather was our biggest challenge with two of the three days showing cold and gusty winds which made nymphing difficult at best.*

*When we did have some pleasant weather the fishing turned on with most everyone getting into some fish.*

*The big winners were the red and black zebra nymphs, BH Pheasant Tails and the random olive streamer.*

*The fires in the Chalk Bluff road section produced a large amount of fish kill and will take some time to recover.*

*On the whole it was a lot of fun to get out with everyone, make some new friends and see some new anglers hone their skills.*

**~ Charley Beals, Event Organizer & Casting Instructor**

## BISHOP FISHING FOLLOW-UP

### BY CHALEY BEALS

*I wanted to follow up on the trip and thank everyone for attending.*

*On the whole I thought we did good considering the tough conditions, the ash, access and the weather. I watched many of you make some very good progress in reading the water, casting and setting up a drag free drift with that nymph rig.*

*We do have some work to do on the knots and Scott and I have a pre meeting class setup for the next two meetings – [click here for more details](#).*

*The second issue that I noticed is fly selection. Experience will solve this puzzle for you. So get out there.*

*I did meet with Joe Smurlo on Monday night – he's local here in Thousand Oaks and is selling his gear – much of it is older but still very usable. He's got a 7' 4wt that would be perfect for the next outing on the San Joaquin.*

*Joe's contact info: 805-492-3433 / [smurloj@yahoo.com](mailto:smurloj@yahoo.com)*

*If you are looking for an upgrade and addition to your tool kit you may want to call him.*

*There are two very good books you may want to pick up and keep as reference: Dynamic Nymphing by George Daniels and Prospecting for Trout by Tom Rosenbauer.*

**~ Charley Beals, Event Organizer & Casting Instructor**

# CVFF Upcoming Outings for 2018

Hello Conejo Valley Fly Fisher members,

– I have put together the framework for a schedule of outings for the club and I would appreciate any feedback as I solidify the dates.

– If you know of a productive month to visit a certain destination then please let me know.

– My goal is to have at least one local outing per quarter and add in one to two “other than mammoth” trips in the better fishing months.

## 2018 CVFF CLUB OUTINGS:

⇒ April 5, 2018

### **STATE ASSEMBLY PROPOSES BAN ON LEAD FISHING WEIGHTS AND SINKERS**

**SACRAMENTO** — Lead fishing weights and sinkers are the target of a new bill proposed by Assembly member Bill Quirk, D-Hayward.

Quirk's proposal – Assembly Bill 2787 – would ban the manufacture, sale or purchase of fishing weights or sinkers across the state.

Weights or sinkers would be banned if it contains more than 0.1 percent lead by weight, is less than 50 grams in mass and does not have a cross section greater than or equal to 2 centimeters in length.

AB 2787 would effectively create a new crime for the manufacture, purchase or sale of banned fishing weights or sinkers.

TU President and CEO Chris Wood wrote a letter to Jeep after the company's Super Bowl ad showed a vehicle driving up a stream. Here's how it all shook out.

Then the Associate Press picked up the story. I expected that TU members and supporters would back me up, and they did. What I did not expect was the backlash from some in the off-road vehicle community. I was accused of perpetuating the "over sensitivity that is ruining America today"; told that I am "part of what's wrong with this world;" and cursed at..... [READ MORE!](#)
