## **PRESIDENT'S FLYBOX**

## **SCOTT OLSON**

*"...all of the rivers, streams, creeks and rills  
and you have an anglers Valhalla.*

## **WATER WATER EVERYWHERE**

*As all of us fishing fanatics know there is never a bad time or bad place to fish, however as much as one may want to work a little fishing in to one's vacation the realities are such that it can't always happen.*

*My wife and I recently traveled to Sweden for ten days to visit the country of my ancestors and to assuage our curiosity about Scandinavia. One thing that is evident from the time your plane makes its final approach is that Sweden does not lack for water. Minnesota may be the land of 10,000 lakes, but Sweden has 96,000 plus and add to that all of the rivers, streams, creeks and rills and you have an anglers Valhalla.*

*Unfortunately a ten day sightseeing trip leaves no room for fly fishing excursions, however it does wet the appetite and sets in motion plans for a return visit with fly fishing on the agenda. Instead of ten days next time I think we will have to make it three weeks.*

*Tight lines and fighting fish to all!*

*Scott Olson, Conejo Valley Fly Fishers, President*

*\* photo of Scott examining a fly selection in a local shop in Stockholm, Sweden.*

**May General Meeting:

# WESTLAKE VILLAGE

## LOCAL LAKE BASS FISHIN'

***Charley Beals invited me to join him to fish Westlake this afternoon (Thursday, 4-18).***

***We met at 2 pm and started near the dam using rubber worms.***

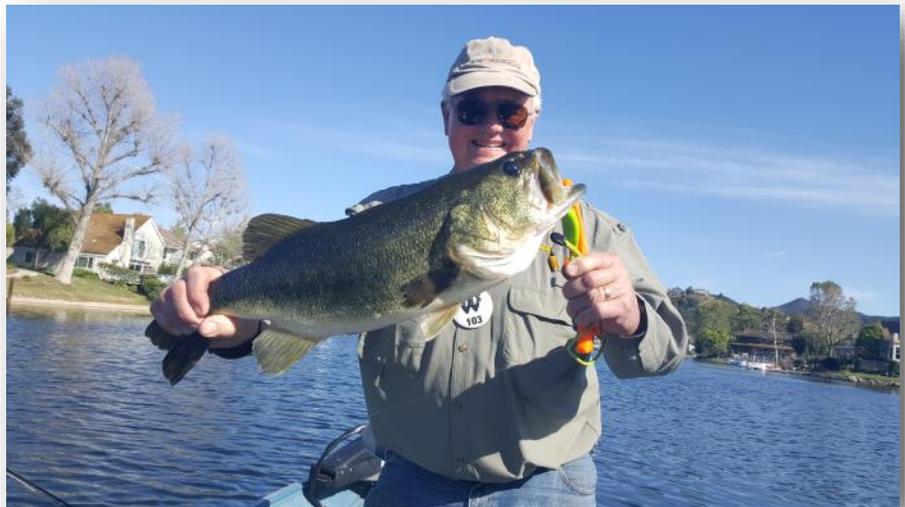

***Charley quickly caught two as I was trying to get the hang of how to retrieve the bait.***

Article feature:

### ***Mike Weigand***

- ◇ Club member
- ◇ Casting instructor
- ◇ Resident of Idaho & California.
- ◇ Fly-tier
- ◇ Reporter for waters local and abroad.

***We moved around and fishing slowed even more.***

***Then I decided to try a "Bass Popper" and I had lots of casting practice.***

***Close to 4 pm the fish started looking up and I caught 4 nice Bass, or should I say four Bass, two of which were Really Nice, especially the last and biggest one.***

***- Mike Weigand***

# CVFF Upcoming Outings for 2018

Hello Conejo Valley Fly Fisher members,

– I have put together the framework for a schedule of outings for the club and I would appreciate any feedback as I solidify the dates.

– If you know of a productive month to visit a certain destination then please let me know.

– My goal is to have at least one local outing per quarter and add in one to two “other than mammoth” trips in the better fishing months.

## 2018 CVFF CLUB OUTINGS:

⇒ **June/July 2018 – San Joaquin / Reds Meadow:**

at road opening, when the flow is 100-150 cfs

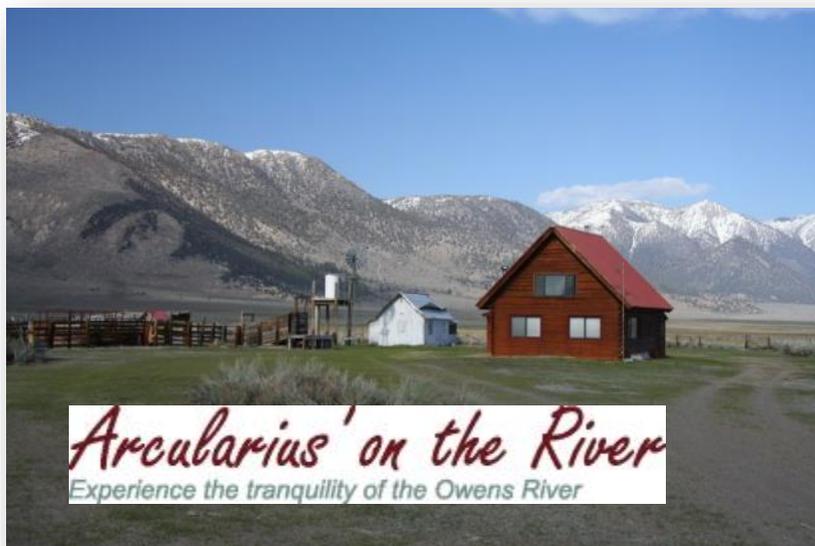

⇒ **Mid-August – Mammoth’s “Hopper hatch”**

\*\* Trying to secure Arcularius Ranch

⇒ **September – Nor Cal – Sac, McCloud etc...**

If you have any energy on where, when etc please let me know via email:

[charley@bealsagency.com](mailto:charley@bealsagency.com)

# CROWLEY LAKE & EASTERN SIERRA OPENER

by [Ernie Gulley Fly Fishing](http://ErnieGulleyFlyFishing.com) / Blog / 08 April 2018 / [www.erniegulley.com](http://www.erniegulley.com)

THIS IS THE TIME FOR US ANGLERS TO START REALLY GETTING EXCITED ABOUT HIGH EXPECTATIONS AND DREAMS OF TROUT TO BE CAUGHT AND RELEASED.

NEW TECHNIQUES ACQUIRED BY READING, VIDEOS, THOUGHTS AND CONVERSATIONS WITH OTHERS ON HOW TO BECOME BETTER ANGLERS. TIME AT THE VISE, INVENTING NEW AND OLD FLIES, WAITING TO PUT THEM TO THE TEST ON THE SOON OPENING SEASON.

# Mammoth Lakes Cinco de Mayo Tenkara Clinics

Join Chris Leonard and Luong Tam for a full day and a half day learning and fishing in Mammoth Lakes Area, CA. Six anglers max. that is 3 to 1. Please email me or call Chris Leonard at 818.288.3271 if you are interested

[Register Now](#)

***Sierra Drifters Newsletter teaser for May 2018:***

*The 2018 general trout opener is Saturday 4/28/18. Looks like we will have a nice weather pattern for that time frame. Most business owners in the area agree that it will be one of the largest openers in the last decade.*

***Crowley Lake** had little; or no ice this winter. We did get some cold temps in March and April that have made conditions more seasonal. You will see the lake at full pool, with good water clarity. I have seen some decent chironomid hatches recently so you can expect the trout to be keying on the midges during the nicer weather periods.*

*We have been disappointed that the **Upper Owens, and McGee Creek** do not have any cutthroat showing in numbers as of this report. Earlier this year we actually had more fish due to the abnormally warm weather. I was convinced we would see an early migration in March. Not so. This migration happens in the blink of an eye. The warmer weather will no doubt trigger the cutts to move VERY soon.*

*The **Middle Owens** has been moody. The **East Walker** has been a whoot.*

## CA SPORTFISHING LEAGUE

### ANGLERS SCORE VICTORY THREAT REMAINS

On April 24th, Assembly Bill 2787, authored by Assemblyman Bill Quirk, passed out (6-1) of the Assembly Committee on Environmental Safety and Toxic Materials, but not before being amended from an outright ban of fishing weights/sinkers 50 grams or less, to a bill that will “study” the potential impacts of lead on California wildlife. [More here...](#)

## CALIFORNIA TROUT

**Solving complex resource issues while balancing the needs of wild fish and people.**

**“Little Shasta, Big Hart” - Video** by EcoLogic films for California Trout and The Nature Conservancy. The Hart Ranch Project on Little Shasta River is working to bring salmon back to a section of stream where they have long since disappeared due to

irrigation diversions and water obstructions. By working with the landowners, multi-generation ranchers, CalTrout provides incentives to improve water use efficiency and habitat conditions while reducing the regulatory burden and liability under the Endangered Species Act.
