"What was the change you might ask? "

PRESIDENT'S FLYBOX

SCOTT
OLSON

THE NON-FISHING TRIP

I normally have one trip scheduled to Mammoth each month during the season and it is something I look forward to each and every month as it allows me to reconnect with my passion and spend time with longtime friends of the same ilk. Unfortunately due to scheduling conflicts my fishing buddies were unable to make the trip in August which allowed me the opportunity to change things up a bit.

What was the change you might ask? Well instead of spending four days with fishing fanatics I took my wife Marilyn along and we had a great time. We spent several hours each day fishing and just enjoying the outdoors together. Marilyn is a long time camper and hiker so she was back in her element.

Although fishing isn't her thing (she likes it, she just doesn't "love" it) she did give the fly rod the old college try and did catch fish on the Dana Fork and the San Joaquin River. She was also more than content to just sit on the bank and read and take photos while I pursued the wily trout. And although I didn't spend the time on the water that I normally would have I enjoyed my trip just as much as I always do.

Maybe even more in some ways. It's nice to know that after 45 years of marriage your spouse still supports your passions and what's even better makes for such good company.

Tight lines and fighting fish to all!

Scott Olson, Conejo Valley Fly Fishers, President

Fishing Report | Calif & Idaho

- ◇ Resident of Idaho & California
- ◇ Fly-tier
- ◇ Reporter for waters local and abroad

Mike and Patti reside in both Thousand Oaks and Idaho near Henry's Lake

FISHING DIARIES | THE MADISON

JULY 29, 2019 - WENT TO THE MADISON

Tuesday morning, getting on the water about 7:30. Nice cloud cover, but a little breezy. Some caddis around, so I tried the simulator with a PT dropper which were tied on. Caught two small browns. Finally got out to the far end of the "Log Jam" and some caddis and tiny PMD's were coming off. Tried on a "Post Wing Emerger" and got a couple rises but no takes. Switched to a size 20 Caddis, one of my Hot Creek specials, and these two nice Rainbows sipped it in !! The first, and biggest, was about 18" !! Going again tomorrow morning, and keeping my fingers crossed.

JULY 30, 2019 - TUESDAYS IS "LADIES HIKING DAY"

While Patti went on a nice walk near Targhee Pass I got a late start and headed for the Log Jam. Didn't leave until 9, getting there about 9:30. Some bugs in the air, so I tried the rig from the other day; a size 16 Elk Hair Caddis with a red Serendipity dropper. Boom!!! a really nice Rainbow took the dropper in a riffle in front of the jam. Then a few rises and one take on the dry. Waded out behind the jam and nice Rainbows took the Caddis, both on the surface and submerged, as well as the dropper. Finally got to the end of the log jam and three nice Bows took my size 20 Elk Hair Caddis, the kind I have tied for Hot Creek. A Great Morning !!

AUGUST 7, 2019 - I DID "GO FISH" THIS MORNING !!

Caught 6 behind the log jam; the first was the biggest. All but one on a size 18 Red Serendipity under an elk hair caddis.

AUGUST 16, 2019 - "OLD GUYS CAN"

** Read the whole report next month!*

Late August can be a good time for hoppers, so I tied one on with a Red Serendipity as a dropper. Within a dozen casts I landed a 13" Rainbow on the dropper.

12:30-1:30	Lees Ferry Adventures	Terry Gunn, Lees Ferry Anglers
1:30-2:30	TIPS TO FOR FLY FISHING OUT OF A KAYAK OR SUP	Rex Huang, Rexfly

Fishing Report | LORETO IN JULY

LORETO IN JULY

Mike Weigand

IT HAD BEEN SEVERAL YEARS since I went to Loreto, Mexico with the "**Moosehead Fly Fishers**", a group I have fished with for about thirty years. The main reason for the long interim for me was the heat. Temps usually over 100. I much preferred our trips to Alper's Owens River Ranch, north of Mammoth. We would stay in old Cabin 7 and have a great time; fishing, enjoying good Scotch and cigars, playing poker, etc. Ah, memories of the past.

COMRADERY CAN BE MORE IMPORTANT than weather, so I decided to try again for Dorado, and hopefully a Rooster Fish. It was a long trip from West Yellowstone; having to fly to Salt Lake City, stay overnight, then fly to Los Angeles to meet the group and continue to Loreto.

FOR MID-JULY, WEATHER WAS NOT TOO BAD; highs in the mid 90's and cooling off, if you can say that, to the high 80's at night. Again, we stayed at The Oasis Hotel, which is on the beach, so all we had to do was walk down to the boats after breakfast. But the most important thing about the hotel is the bar, and Niko the bar tender. He has been there for many years and makes Margaritas from scratch; two shots of tequila, one of Cuanthro, a splash of simple sweet, and the juice from 3 limes. In that hot climate two is the limit if you want to be able to walk to dinner.

BREAKFAST STARTED AT 6 AM and the boats were at the beach about 6:30. Load the cooler of drinks, rods and stuff, and climb in. The boats were relatively new 20 ft. pangas with center steering and 4-stroke motors. Isla del Carmen is about 8 miles out and that was our destination the first morning. Patches of Sargasso Seaweed clump to form mats which give some protection to bait fish. The bait fish attract the Dorado and other game fish.

UNFORTUNATELY, THERE WERE FEW MATS, so we trolled around, trying to attract fish. Close to the island were a few small mats and I hooked up to my first Dorado. Year! Unlike some, it did not jump much, but still a great catch. Needle fish were everywhere. While not what we were looking for, they did give a bit of a fight.

THE SECOND DAY WE HEADED NORTH, past Isla Coronado, looking for mats, but the wind was against us. Again, we trolled and got into a school of Skip Jack Tuna. For their size they really put up a fight; hard to pull in on a 10 wt. rod. While I was fighting one a whale surfaced about 75 ft. from the boat. The sound of it "blowing" so close scared the stuff out of me. We then headed for an area on the main land coast with rocky cliffs looking for Rooster Fish. No Luck! We finally each caught a couple small Dorado and in another area Cabrillo bass.

Fishing Report | LORETO IN JULY

LORETO IN JULY - CONTINUED

Mike Weigand

WE WENT NORTH AGAIN ON THE THIRD AND LAST DAY.

Same thing, few mats, but did attract a couple Dorado while trolling. These put on nice aerial displays, jumping several times. The captain found a rocky outcrop and chummed up some fish; Dorado, needle fish, and Cabrillo. Unfortunately, the Dorado did not mistake our flies for the sardines, but their flashes of color changes as they are feeding was spectacular.

**AFTER THE HEAT OF LORETO IT WAS NICE
TO GET BACK TO HENRY'S LAKE** and
welcoming thunder storms. As they passed the
temperature went from 65 to 55 in a few minutes.
Great to be back, and find the trout were still biting
where Targhee Creek comes in to the lake.

Best fishing to all,
Mike Weigand

IT'S THE INSPIRING, FEEL-GOOD FLY FISHING DOCUMENTARY FOR 2019.

FINDING JOE BROOKS

A 90 MINUTE FEATURE LENGTH DOCUMENTARY

TWO BROTHERS IN A
QUEST FOR THE LEGACY
OF THEIR GREAT UNCLE.
A MAN WHO WAS ONCE
SPIRALING DOWNWARD
INTO THE TRAGIC DEPTHS
OF ADDICTION BUT THEN
FOUND HIS LIFE'S PASSION
AND TRANSFORMED
HIMSELF AS WELL AS AN
ENTIRE SPORT.

To tell in vivid detail the exceptional life of the little known icon of American fly fishing. In his 71 years Joe Brooks lived three lifetimes. From his privileged youth to a broken alcoholic to one of the most revered sportsmen of his time, Joe's life is as complex as it is inspirational.

Few people manage to change themselves in any meaningful way.

But Joe did and, in doing so, he changed the world of fly fishing.

TROUT IN THE CLASSROOM

**South Coast Region CAEP:
Classroom Aquarium
Education Program**

**Serving Los Angeles, Orange,
San Diego, Santa Barbara
and Ventura counties**

HOW TO GET INVOLVED

Teachers: The first step in getting started is to attend a free workshop. The workshop is required for participation in the program. Many teachers obtain grant money or funding through other sources for the equipment needed.

Volunteers: Help is needed in a variety of ways including delivering eggs to schools, classroom presentations, and assisting with field trips. Angling Clubs and other organizations may donate their time and/or resources.

For more information about how to get started in the program, please contact South Coast Region CAEP Coordinators: Jennifer O'Brien and Dwayne Maxwell

R5CAEP@wildlife.ca.gov
